Nephrolepis exaltata

BOSTON FERN

FLUFFY RUFFLES FERN, SWORD FERN, LADDER FERN

BOSTON FERN

This lush, vivid green perennial fern likes a stable routine (no sudden changes in water or light!) and responds well to TLC. Think frequent misting and equally frequent compliments.

TEMPERAMENT: Sensitive if any element of their care is out of sync, but otherwise fairly easy growing.

LIGHT: Low. Happiest in a cool place with high humidity and indirect filtered light.

WATER: Soak the pot once a month and be sure to let it drain thoroughly. Check soil daily and give a drink if it feels dry. Mist frequently.

PET FRIENDLY: Yes

AIR CLEANING: Tirelessly, day and night.

SIGNS OF DISTRESS:

Yellowing wilting leaves
Plant is over watered.
Keep moist but not soggy.
