

BLOOMIST

Sansevieria trifasciata

SNAKE PLANT

SAINT GEORGE'S SWORD, VIPER'S BOW, MOTHER-IN-LAW'S TONGUE

SNAKE PLANT

Distinguished by tall, sword-like leaves and a reputation for extreme tolerance, Snake Plants are inherently dramatic specimens with a wild array of variegations across the genus. Our showy Sansevierias feature dark green striped leaves edged in luscious creamy yellow.

TEMPERAMENT: Tolerant and undemanding. Easy growing for everyone from plant novices to experts.

LIGHT: Medium-To-Low. Thrives in indirect light. Also tolerates low light without complaint.

WATER: Drought resistant, so only needs water when completely dry. Allow to dry out between 'drinks'. Reduce water from fall through winter.

PET FRIENDLY: Mildly toxic

AIR CLEANING: Tirelessly, day and night.

SIGNS OF DISTRESS:

Yellowing, mushy leaves
Plant is over watered and may have root rot. Prune dying foliage and allow to fully dry out. Keep in a warm location where temps range from 60F-80F.
